Subject: Letter of Recommendation.

To: Crawford E. McInnis

The purpose of this letter is to recommendation my contractor, Procter McInnis, McInnis Builders, LLC. We are the Northwest Florida Papa John's Franchisee and Procter's company had successfully completed two new store construction projects for our franchise. In addition, his company has also completed a major in store modification reconstruction for our new corporate imaging project. We have found Procter's quality to be excellent. His projects are always completed on time and within budget. I would highly recommend his workmanship, professionalism and finished construction quality.

Finally, I would welcome the opportunity to discuss any of the above with your designated representative in detail. I can be reached at my office at 502-245-1228, x222 or on my cell phone at 850-554-1061 or by email at: probinson@robinnet.com.

Sincerely,

A handwritten signature in cursive script, appearing to read "Paul G. Robinson".
